GIFT AID

I confirm I have paid or will pay an amount of Income Tax and/or Capital Gains Tax for the current tax year (6 April to 5 April) that is at least equal to the amount of tax that all the charities and Community Amateur Sports Clubs (CASCs) that I donate to will reclaim on my gifts for the current tax year. I understand that other taxes such as VAT and Council Tax do not qualify. I understand the charity will reclaim 25p of tax on every £1 that I have given.

Date Signature

Please notify the charity or CASC if you:

- Want to cancel this declaration
- Change your name or home address
- No longer pay sufficient tax on you income and/or capital gains.

If you pay Income Tax at the higher or additional rate and want to receive the additional tax due to you, you must include all your Gift Aid donations on your Self Assessment tax return or ask HM Revenue and Customs to adjust your tax code.

From time to time we would like to send you information about the Great North Children's Hospital. If you do not want to receive this information, please tick the box.

A Gift in Your Will

After providing for their loved ones, many people make a gift to their local hospital in recognition of personal treatment, or that provided to a relative or friend. To help maintain and improve services at the Great North Children's Hospital for future generations, please consider including us in your Will. Help and advice on appropriate wording is available from our Charitable Funds office on **0191 223 1434**.

Fundraising

If you would like to support the Great North Children's Hospital through a fundraising activity, please contact the Head of Fundraising on **0191 213 7235** or email charity.matters@nuth.nhs.uk where help and advice will be provided, along with sponsorship forms if needed.

Please note, prior permission to use the hospital's name in any fundraising event is required as this allows the charity to monitor fundraising activities held in its name and provides assurance to the general public that the event is legitimate.

Excellence right on our doorstep

We are lucky enough to have right here on our doorstep one of the largest and most comprehensive children's hospitals in the UK.

The Great North Children's Hospital (GNCH) offers the most extensive range of children's services anywhere outside of London. It has special wards, operating theatres, outpatients and day case suites, all tailored just for children. It even has its own Accident and Emergency Department. Everything a sick or injured child may need is under one roof.

Our young patients include thousands of local children from the North East and Cumbria as well as those who travel with their families from across the country, and even the world, to benefit from the GNCH's specialist services.

We believe there is no better place for a sick or injured child or young person to be when they need expert care.

Better by design

Being in hospital can be a daunting and worrying experience for children, young people and their families. The GNCH is designed to be welcoming and as different from a traditional hospital as possible.

All our clinical areas are bright and inviting with colourful furnishings so that our young patients and their families have the best experience possible and are made to feel more at ease during their stay.

How can you help?

Children get better more quickly when they are in an environment they enjoy.

Charitable donations have enabled us to provide sensory equipment, toys, games consoles, DVD players and other entertainments and comforts which go far beyond what the NHS alone could provide.

Your donations also help us to buy the most up-to-date equipment faster than would otherwise be possible and assist us with important research to identify the very newest techniques and treatments.

With your generosity we can deliver world-class facilities to match the world-class expertise already provided at the GNCH.

No better place to get better

We are so grateful for any donation you can make, be it £1 or £10,000, as all donations make a difference to our young patients.

Thanks to your generosity, the GNCH has been able to buy the world's very first 3D interactive floor and wall projection systems which use fantasy landscapes and images to help entertain and distract children during uncomfortable procedures, or before they go for surgery.

One example is "Icy World" - a 3D system specifically developed for the children's Burns Unit, designed to help them feel cool and take them on a fantasy journey through a snowy world.
