

## NEWCASTLE HOSPITALS PARKINSON'S DISEASE CLINIC

Service Description	Location	Availability	Patients to be Referred	How to access
<p><b>New Diagnosis Patients</b></p> <p>This Service is to provide a rapid access clinic to all new patients who are thought to have Parkinson's disease. They should be referred untreated and we will triage to the most appropriate clinic. We will aim to see these patients within 6 weeks.</p> <p><b>Already Diagnosed Patients</b></p> <p>The Service will see patients referred with an existing diagnosis of Parkinson's Disease. These patients will be given an appointment based on clinical priority.</p>	<p><b>Belsay Unit</b> Campus for Ageing and Vitality</p> <p><b>CRESTA Clinic</b> Campus for Ageing and Vitality</p> <p><b>Melville Unit</b> Freeman Hospital</p>	<p>Clinics are held</p> <p><b>Tuesday PM</b> - Dr Noble Belsay Unit</p> <p><b>Tuesday PM</b> - Dr Yarnall Melville Unit</p> <p><b>Wednesday AM</b> - Prof Burn, Dr Goldsmith, Dr Warren CRESTA Clinic</p>	<p>All new referrals thought to have Parkinson's disease.</p> <p>All referrals for patient already diagnosed with Parkinson's disease who require specialist input.</p>	<p>A faxed referral should be made using the PD Referral Form on</p> <p><b>Fax: 0191 2739753</b></p>
