COUNCIL OF GOVERNORS

PATIENTS' FOOD TASTING, WALKERGATE HOSPITAL

I attended the Food Tasting Session at Walkergate Hospital on 11th March 2011. I was the only governor present.

Overall, standards of presentation and flavour were very good and there were no complaints from patients.

One area to note was that sometimes items are missed from the food despatch boxes which come from Freeman Hospital and hence the wards have conducted a two-week review of missing items. The Catering Manager will follow this up.
